

# Public Presentation Complete Streets

## Join Us!

Complete Streets are planned, designed and operated to enable safe access for all users. An overview presentation by National expert **Paul Zykofsky, AICP, Associate AIA**, will provide a background on the benefits of Complete Streets, dispel myths, and explain how existing streets can easily be retrofitted into Complete Streets. Light refreshments will be served.

## Win a Bike!

Everyone attending this Complete Streets Public Presentation and completes a short questionnaire will be eligible to win a Bike from Kauai Cycle. The winner's name will be drawn at the end of the presentation and must be present to win.
